DETAILED ACTION

Allowable Subject Matter

Claims 1, 3-5, 11, 14, 16-18, 20-22, 28-34 and 36 are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claims 1, 3, 4, 14 and 28: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious an optical coupler having an optical element with a substantially flat and convex sides, a detector spaced from the convex side and a fiber positioned adjacent the flat side wherein light reflected by the detector does not substantially couple back into the fiber and wherein the element produces at least a partial annular shaped light pattern on the detector, in combination with the rest of the claimed limitations.

With regard to claims 5, 11, 16-18, 20-22, 29-34 and 36: These claims are allowable over the prior art of record because they depend from allowable claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
